

HOT DOG!!

The Wienermobile is coming to Seattle!

Let's be *frank*, we all need a reason to smile, now more than ever, and what better way to bring *Miles of Smiles* to the Seattle area than a 27-foot long hot dog on wheels? That's right, we just pulled into town in this *bun*-derful American icon in order to celebrate all the ways we can connect with friends around the country, one hot dog at a time! In order to really *relish*

our time here we invite fans from all over to come out* and *ham* it up with us at events around town. Come take pictures, *meat* the Hotdoggers who drive this coast-to-coast wiener roast, take a peak under the *bun*, and make sure you don't leave without an iconic Wiener Whistle!

Our West Team, made up of Tommy Salami and Niener Wiener, is so proud to be bringing some extra joy to town this week and we would love your help in getting the word out about the events listed below! We are especially proud to be partnering with Bloodworks NW to help them fill an urgent and overwhelming need for blood. We are encouraging Seattleites to sign up for donation appointments at the blood drives listed below to get the unique opportunity to save lives AND fulfill a childhood dream! BloodworksNW would like people to know that there is no deferral period after receiving a vaccine, and that they can sign up for an appointment at BloodWorksNW.org

We would be happy to bring the Wienermobile into the studio for an interview, or *ketchup* with you at one of our scheduled events! Though we've been cruising the hot dog highways since 1936, we would love to share how we've been able to adapt our events this year while staying true to our mission to bring nostalgia, smiles, and light-heartedness to communities across the country!

Thursday
(April 29th)

Friday
(April 30th)

Saturday
(May 1st)

Sunday
(May 2nd)

Blood Drive

Tukwila Donor Center
(130 Andover Park E. Tukwila)
